COVERING THE THOROUGHBRED INDUSTRY IN TEXAS AND OKLAHOMA

Joyful Victory sets track record in inaugural Houston Ladies Classic

The first running of the \$400,000 Houston Ladies Classic, at a distance of 1 1/16 miles, attracted a spectacular field of fillies and mares on January 26 at Sam Houston Race Park. From an Oklahoma champion to two fillies that competed in the Grade 1 Kentucky Oaks, the contenders arrived with collective earnings in excess of \$2.3 million.

However, there was no denying the class and determination of Joyful Victory, who took the lead under rider Rosie Napravnik and drew off to a 4 1/4-length score in track record time.

"It wasn't necessarily my goal to go to the lead," said Napravnik. "I expected to sit off the pace a little. But, when no one came with us, I said 'we'll take it'. She was on her game today and ran an excellent race."

Trainer Larry Jones had high hopes for Joyful Victory, an Ontario-bred daughter of Tapit owned by Fox Hill Farms Inc. She won the Grade 3 Honeybee and Grade 2 Fantasy Stakes at Oaklawn Park before running fourth in the Kentucky Oaks last year. Her 4-year-old campaign was highly respectable with second- and third-place finishes in five consecutive graded stakes this year. Her last win was in February 2012, and Jones was thrilled with her riveting performance at Sam Houston.

"The plan was to get her to relax; not to fight her and just let her run," said Jones. "I can't take credit for setting two track records (also with Icon Ike earlier on the card); Rosie had everything to do with that. But if there was one I really wanted, it was this race."

Joyful Victory stopped the timer at 1:42.30 to eclipse the previous mark of 1:42.74 set on February 13, 1999, by Desert Air.

Brushed by a Star, with Corey Lanerie aboard, ran a game second for trainer Eddie Kenneally and owner Unlimited Equine LLC. She finished 1 3/4 lengths ahead of Sisterly Love, who was making her stakes debut for conditioner Mark Casse.

Oklahoma-bred She's All In was next for trainer Donnie K. Von Hemel, followed by Lookinforchange and Summer Applause.

Joyful Victory paid \$5.00 for the win and earned \$237,600 for the

Coady Photography

Joyful Victory

Houston Ladies Classic victory to push her bankroll to \$910,679.

Jones and Napravnik also teamed up to set another track record in the \$75,000 Champion Energy Services Stakes with Mr. and Mrs. Fletcher Gray's Icon Ike. The 4-year-old son of Yes It's True edged 2010 Breeders' Cup Turf Sprint (G2) winner and millionaire Chamberlain Bridge in a tight photo in a final time of :56.48 for five furlongs on the grass, besting the previous record of :56.81 set by Charming Socialite in 2006.

The \$50,000 Allen's Landing Stakes went to Gary and Mary West's homebred Tour Guide, who won by a half-length with Miguel Mena riding for trainer Bret Calhoun. The Broken Vow colt covered seven furlongs in 1:23.16.

Next issue of *Southern Racehorse* on the way, online version now available

The January/February issue of *Southern Racehorse* magazine is being printed and will be in the mail to all Texas Thoroughbred Association and Thoroughbred Racing Association of Oklahoma members very soon. The issue is also available online by [clicking here](#).

This issue, which includes 16 more pages of content compared to the first two regular issues of the magazine, features recaps of the Texas Stallion Stakes at Retama Park, the Springboard Mile Stakes at Remington Park and Texas Champions Weekend at Sam Houston Race Park. You can also read about consignor Bethe Deal's Lone Star State heritage, the importance of colostrum to new foals, how the Oklahoma Thoroughbred Retirement Program is helping ex-racehorses, why it's important to know the current laws regarding equine liability signage and how stem cell therapy has changed over the past decade.

Swift Warrior captures Connally Cup

Trainer John Terranova had never run a horse at Sam Houston Race Park, but when looking at options for Swift Warrior, the Grade 3, \$200,000 John B. Connally Turf Cup Stakes had considerable appeal. He knew his horse liked going 1 1/8 miles on the turf, and the timing of the Connally fit well. The race was held January 26 on the same card as the inaugural \$400,000 Houston Ladies Classic.

What Terranova and his New Jersey-based owners, James Covello and James Dolan, did not anticipate is the ease in which their Kentucky-bred would win the Grade 3 turf contest. With Jose Espinoza in the irons, the 5-year-old son of First Samurai never relinquished the lead, completing the first quarter-mile in :24.98 and finishing 2 3/4 lengths ahead of his nine rivals. The final time, over a firm turf course, was 1:49.21.

"I thought he might end up on the lead," said Terranova from his south Florida base. "On paper, it didn't look like there would be a strong pace to run at. This horse is very versatile and Jose knows him well. He looked very comfortable out there tonight."

Terranova gave high marks to Sam Houston Race Park. He had shipped Swift Warrior in on Tuesday and felt the horse adjusted well to his surroundings, and obviously took beautifully to the Connally Turf Course.

"He's a really neat horse," added Terranova. "He's always been a barn favorite."

This was the first time Espinoza had ridden in Houston, and he had an enjoyable experience.

"Everyone made me feel at home," said Espinoza. "The people were so nice."

Swift Warrior

Rosie Napravnik, who piloted Papaw Bodie to victory in the 2012 Connally Turf Cup for trainer Mike Maker, had a solid runner-up finish aboard King David, owned by Scarlet Stable.

Willcox Inn ran third for trainer Michael Stidham and owners All In Stable and Lael Stable. Seal Cove was fourth, followed by Ocean Seven, Lockout, Marinous (Fr), Holiday Promise, Capture the Flag and Red Lead.

Swift Warrior (\$5.80) received a check for \$114,000, increasing his career bankroll to \$340,843. Terranova indicated that the Grade 1 Woodford Reserve at Churchill Downs was under consideration for the next start for Swift Warrior.

Millionaire and champion State City to Caines Stallion Station

State City, winner of the \$2-million Dubai Golden Shaheen (G1), has been relocated to stand the 2013 season at Caines Stallion Station near Wynnewood, Oklahoma. An earner of \$1,375,993 with six wins in 17 starts, State City took champion sprinter honors in Dubai and also set a track record at Nad al Sheba racecourse. In limited action in the United States, the sprinter finished third in the True North Breeders' Cup Handicap (G2) at Belmont Park.

Bred in Kentucky by Sheikh Mohammed bin Rashid al Maktoum's Darley Stud Management, State City is by Carson City out of the stakes-winning Nureyev mare Wajna, who is a half sister

to Grade 1 winner Navarone and Grade 2 winner Moon Spirit.

State City formerly stood in Kentucky and shuttled to Australia, where he sired Group 2 winner What Now and Group 3-placed stakes winner Reimbursement. He is also the sire of Strong Response, who finished second in this year's \$75,000 Van Berg Stakes at Fair Grounds. His progeny have earned nearly \$4 million.

State City will stand for a \$1,000 stud fee, and Caines Stallion Station is offering a special incentive to introduce him to area breeders with one complimentary 2013 season with each paid season. For more information, go to www.cainesstallionstation.com.

Erlton to stand in Texas

Established stallion Erlton, a multiple stakes-winning son of Buckaroo, has been relocated to stand in New Berlin, Texas, as the property of James Jolley. He will stand for a \$500 fee.

A winner of eight of 27 starts with earnings of \$352,339, Erlton set a track record in his career debut when he broke his maiden by 11 lengths at Delaware Park with a clocking of :51.80 for 4 ½ furlongs. He went on to win four stakes as a 2-year-old at Woodbine, Laurel Park and Delaware and also finished second in the Grade 3 Sapling Stakes at

Monmouth Park. As a 3-year-old, he picked up two more stakes wins at Pimlico Race Course and the Ocala Training Center while also taking second in the Jersey Shore Breeders' Cup Stakes (G3) at Monmouth.

Erlton comes to Texas from Louisiana, where he sired numerous horses who eclipsed \$100,000 in earnings, including Dessy, Smith B Quick, Elroy and Forget It Erleen. Erlton's progeny earnings are approaching \$3 million.

For more information, contact Jolley at (210) 215-0434.

Lone Star Park announces 2013 stakes schedule

Lone Star Park at Grand Prairie announced the track's 2013 spring Thoroughbred season stakes schedule with 12 events, including two graded stakes, and purses totaling \$1.1 million.

The two premiere events on the 2013 Lone Star Park stakes calendar are the Grade 3, \$200,000 Texas Mile for 3-year-olds and up to be run Saturday, April 26, and the Grade 3, \$300,000 Lone Star Park Handicap for 3-year-olds and up at 1 ¼ miles to be run Monday, May 27 (Memorial Day).

"We are very pleased to offer a comparable stakes schedule to 2012 that ensures our overnight purse levels are maintained," said Lone Star Park President and General Manager Drew Shubeck.

Texas-breds and Texas sale graduates will be showcased in four stakes races on Saturday, July 6, in the 13th annual Stars of Texas Day. The program will be highlighted by two divisions of the \$100,000-estimated TTA Sales Futurity (2-year-old fillies and colts and geldings going 5 ½ furlongs) and the \$50,000 Assault Stakes (Texas-bred 3-year-olds and up at one mile) and the \$50,000 Valor Farm Stakes (Texas-bred fillies and mares, 3-years-old and up at 6 furlongs).

The return of the Global Gaming Triple, a three-race series linking the Grade 3, \$200,000 Texas Mile, Grade 3, \$300,000 Lone Star Park Handicap, and the \$200,000 Governor's Cup for 3-year-olds and up at 1 ⅛ miles at Remington Park in August, seeks to provide horsemen additional incentive to compete in all three stakes.

Global Gaming Solutions, owner of both Lone Star Park and Remington Park, will offer a bonus to be split equally among owner and trainer of the horse that accumulates the most points in the three stakes. A horse must compete in all three designated races to be eligible for bonus money, and points will be awarded to the first- through third-place finishers on a 5-3-2-1 basis.

"We are excited to continue the Global Gaming Triple linking our major races for older horses with the Governor's Cup at Remington Park," said Director of Racing at Lone Star Park, Bart Lang. "The series emphasizes the commitment from Global Gaming to improve the racing product at both tracks to benefit horseman and fans."

Lone Star Park has scheduled 50 live racing dates in 2013, down from 53 in 2012. The Thoroughbred season opens Thursday, April 11, and concludes Sunday, July 6. Live racing will be held four days a week with a first-race post-time of 6:35 p.m. for Thursday and Friday night programs (except Thursday, May 30, when there will be no live racing), and every Saturday and Sunday with a first-race post-time of 1:35 p.m. (except Sunday, June 23, and Sunday, June 30). Live racing will be conducted Monday, May 27 (Memorial Day) with a first-race post-time of 1:35 p.m. Special twilight programs on Wednesday, July 3, and Thursday, July 4 (Lone Stars & Stripes Fireworks Celebration) will begin at 5 p.m. For more information, visit www.lonestarpark.com.

Lone Star track surface to be renovated, other changes underway

Lone Star Park at Grand Prairie has announced that the main racetrack is being completely renovated along with major grandstand improvements to be in place in time for the upcoming 13-week, 2013 spring Thoroughbred season beginning Thursday, April 11.

The main track reconditioning is currently underway and will feature a new base and mixture to ensure track safety and consistency:

“During the course of the previous Fall Meeting of Champions for American Quarter Horses, we noticed inconsistencies in the main dirt track that caused some bias during races,” said Drew Shubeck, Lone Star Park President and General Manager. “A complete investigation by independent, top track and soil experts found that remnants of the previously used cushion material remained in broad areas of the track. This material caused difficulties grooming the track each day in order to achieve a uniform distribution of cushion from the inner rail to the outside of the racetrack.”

The renovation project includes:

- Removal of all cushion material in order to fully inspect the limestone base.
- Reapplication of the cushion, allowing sub-cushion material to blend with saved cushion material.
- Washed sand, clay and organics will be blended to achieve

optimum blend of cushion materials.

“Our first and foremost objective is to have a safe and consistent racetrack surface and we believe these renovations will do just that for our horsemen,” said Shubeck.

Club House Dining Terraces to Be Renovated

The changes to the main racetrack are not the only improvements being made at Lone Star Park. Returning customers will notice a significant change on the fourth floor of the 280,000 square foot, glass-enclosed, climate controlled grandstand. The main 1,200 seat Silks Dining terraces are undergoing a dramatic renovation including new tables and chairs and a completely redesigned television presentation. Additionally, a new menu will be launched just in time for the Thoroughbred meet.

Additional Track News: New Exclusion Policy Announced

Lone Star Park also recently announced a new exclusion policy which is consistent with regulations adopted by other racetracks and a written position issued by the Jockey Club last month: “Lone Star Park is committed to ensuring that the racing programs we conduct reflect the highest standards of safety and integrity. Lone Star Park reserves the right not to allocate stalls or accept entries from any horsemen on the suspended list from either the American Quarter Horse Association or The Jockey Club.”

Hartis wins run-off election for TTA board

Votes in the run-off election for the TTA Board of Directors were tabulated on January 28, and it was close. Of the 224 valid ballots, Stan Huntsinger received 111 votes and Eileen Hartis received 113 votes, making her the winner. Director Tom Bradfield assisted TTA staff with the vote count.

Hartis owns and operates Runaway Farm near Sealy, Texas. She has owned horses since she was a young girl and has been involved in commercial breeding and racing for over 20 years. She bred multiple graded stakes winner, Texas Horse of the Year and Texas Horse Racing Hall of Fame inductee Got Koko; plus multiple

stakes winners Our Best Man and Warhead. She also bred and raced Grade 2 winner and Grade 1-placed Texas Horse of the Year Princess Haya. Runaway Farm mares have also received Texas Broodmare of the Year Awards. Hartis is a TOBA National Small Breeder of the Year and a TTA and TOBA Texas Breeder of the Year award recipient.

She holds undergraduate and graduate degrees in biology from the University of North Carolina. She taught mammalian anatomy as a graduate student and worked as a research assistant at Duke University following graduation.

ILLEGAL DOPING MEETS ITS MATCH

Trainers Praise Natural Alternative // By: Mark Hansen

The pressure to win is so enormous that many horsemen resort to whatever it takes to get a piece of the purse or a decent sale... even if it means putting their horses' lives in mortal danger by doping them with illegal synthetic erythropoietin (EPO) drugs to boost endurance.

Veterinarian Gary Smith said, "It's a problem all over the industry. There is no way horses should be put on (synthetic) EPO."

So how do racers win? How do you gain a competitive edge without harming your horses or risking your livelihood? The answer may be found in a safe all-natural horse supplement that supports natural EPO function.

Why is EPO boosting so critical? Just like in people, a horse's muscles require oxygen for fuel. Red blood cells are the body's oxygen-carrying cells. A higher red blood cell count = more oxygen = more muscle energy. Elevated muscle energy helps the horse perform harder, faster and longer during endurance events. All horses naturally produce EPO in their kidneys to stimulate production of new red blood cells from bone marrow. In short, EPO is a natural "blood builder."

With EPO doping, trainers try to boost the EPO effect to get a winning performance every time. They use a synthetic EPO (recombinant human EPO), even though the side effects can harm the horse. That's one reason why it's illegal.

Fortunately there's another option. EPO-Equine® is a safe, highly effective natural dietary supplement scientifically engineered for performance horses.

A Kentucky trainer who refused to give out his name, said, "I don't want my competition to know about this." He found EPO-Equine to be so effective that he's dead set against disclosing who he is, who his horses are, or even where he trains and races. He first started ordering a single jar of EPO-Equine® once a month. Now he's ordering several CASES each month. And he won't tell BRL exactly why. He said respectfully, "Sorry – no way."

Bioengineers at U.S. based Biomedical Research Laboratories (BRL), first discovered a completely natural EPO-booster for human athletes (and it's working miracles for top athletes and amateurs around the world). Seeing these results, horse trainers contacted BRL and asked about using this natural formula for their animals.

That's when the BRL team dug deeper and discovered a proprietary, horse-friendly strain of a common herb that promotes optimal blood-building results. EPO-Equine is based on the blood-boosting abilities of a certain strain of Echinacea that's astounding researchers and trainers alike. (It's not a strain you can find at the local health store.)

Veterinarians at the Equine Research Centre in Ontario, Canada ran a double-blind trial investigating the blood building properties of the active ingredient in EPO-Equine in healthy horses. For 42 days, one group of horses was supplemented with the active ingredient in EPO-Equine and another group of horses was given a placebo.

The supplement delivered significant blood building results, increasing red blood cell count and hemoglobin levels. Researchers also observed improved blood quality and increased oxygen transport in the supplemented horses. Improved blood levels leads to elevated exercise physiology and performance.

The patent-pending formula in EPO-Equine® contains a dozen different herbs, antioxidants and anti-inflammatory components combined to promote natural red blood cell production...for remarkable speed, strength and stamina right out of the gate.

Trainers find it easy to add just 1 scoop (3.2 grams) of EPO-Equine® to the horse's daily feeding routine in the barn or on the road. Within a few weeks of daily use, you can expect to see increased red blood cell levels with no undesirable side effects. An increase in red blood cell levels can improve muscle performance, supercharge endurance, and enhance recovery after hard exercise. Nothing else is scientifically proven to deliver these benefits in a completely safe and natural formula.

Compared to the cost of veterinarians, drugs, icing, tapping the knees, and putting the horse on Bute; or even the consequences of being banned for synthetic doping, EPO-Equine® is very affordable at the low price of just \$59.95 per jar. Or save \$180 if you are ready to commit to a larger trial of 12-jar case for just \$539.55 with FREE shipping. EPO-Equine® can be ordered at www.EPOEquine.com or 1-800-557-9055, and comes with a 100% money-back satisfaction guarantee.

BREEDING NEWS

Burbon Road takes Texas Champion Claimer Award

Brent Savage's Burbon Road has been named the 2012 Texas Champion Claimer after winning an online poll among all accredited Texas-breds with three or more claiming victories at Texas racetracks last year. More than 600 votes were recorded through the Texas Thoroughbred Association's website.

A 9-year-old gelded son of Cloud Hopping bred by Sam E. Stevens, Burbon Road made nine starts last year and never finished worse than fourth with three wins, two seconds and a third. The gelding spent his entire campaign in the state of Texas being trained by Jerenesto Torrez and primarily ridden by Ernesto Valdez-Jiminez. The veteran runner has a career record of 53-17-3-6 with earnings of \$133,569. He picked up a stakes victory in the \$50,000 Manor Downs Distance Cup Stakes for Texas-breds in 2009.

Burbon Road will be honored with the other 2012 Texas champions during the TTA's annual meeting and awards banquet on February 16 at Sam Houston Race Park.

*Specializing in breaking and preparing your colts for
you and your trainer*

7S Racing Stables is located 2 hours west of Lone Star Park in Carbon, Texas. We have for several years been working with young race colts, taking them from breaking to conditioning and race prep while cutting down on owner expense and helping you have your colts prepared for the racetrack experience!

FEATURES:

- 5/8 mile training track
- Starting gates
- Farrier care
- Transportation
- Complete vet services
- Horses for sale
- Breaking fees are \$25/day

The best price in the area with proven results!
